

# Tech EDGE 16 Conference

Aurora Public Schools  
300 L Street, Aurora, Nebraska 68818

 WEDNESDAY, NOVEMBER 2, 2016

 SHARE HIGHLIGHTS: #UNLTECHEDGE

## KEYNOTE: KAYLA DELZER

### Rethinking Education

Why do some classrooms look the same now as they did 70 years ago? In this passionate talk, second grade teacher Kayla Delzer speaks about her mission to revitalize learning and the classroom environment. Kayla explains how to release the power in the classroom by giving students ownership of their learning and making it relevant to them. Breaking down the four walls of the classroom allows her students to become globally connected — and you won't believe the endeavors her students conquer by embracing purposeful technology.

## CONFERENCE SCHEDULE

 ☉ 10:20-11:50  
**Science**  
**210**

 Mr. Broeder  
 ☉ 12:00-12:35  
**Math**  
**206**

## Thank you to our hosts at **Aurora Public Schools**

**Aurora Public Schools** is proud to offer our Aurora students Apple iPad and Chromebook devices for use at school and at home. The 1:1 Program provides mobile computing and wireless technology to all Aurora Elementary, Middle School and High School students to enhance the delivery and individualization of instruction. Beginning in Kindergarten and through grade two students are 1:1 iPads. Students in grades three through five are 1:1 Chromebooks, with a cart of shared iPads at each grade level. Students in grades seven through ten are 1:1 iPads, while students in grades eleven and twelve have 1:1 accessibility with both iPad minis and Chromebooks.

Providing students with an individual device in a 1:1 wireless networked environment provides an opportunity to enhance the overall learning experience. The opportunity to use 1:1 devices gives students access to anywhere, anytime learning - in classrooms and at home. This 1:1 personalized learning also narrows the digital divide between students. The Aurora Initiative is meant to enable students to learn independently, collaborate with peers, and communicate their understandings using rich media. Ultimately, the goal of this effort is to help students strengthen the 21st century skills necessary for their success in the future as they learn each subject today.

### ADMINISTRATIVE TEAM

Mark Standage  
Elementary  
Principal

Ken Thiele  
Middle School  
Principal

Doug Kittle  
High School  
Principal

Craig Badura  
Technology  
Coach (K-12)

Mark Standage  
Director of  
Technology

### UNL Tech EDGE

Our mission is to create a generation of teachers who are effective and confident using new technologies to prepare the students of Nebraska to participate and lead in tomorrow's global society. Our current efforts extend beyond Nebraska to collaboration in China and South Africa where we are learning together how different educational systems can learn to integrate technology effectively. The global work includes, online conferences on our YouTube, and YouKu channels as well as face to face visits. Check out our weekly video podcast about Mobile Learning in the K-12 Classroom.
